This section outlines the step-by-step operational flow for the two primary user roles within the **FitLife Gym** system: the **Customer (Member)** and the **Administrator**.

1. Customer (Member) Role Flow

The customer flow is designed to transition a guest from discovery to active gym participation through a streamlined digital onboarding process.

1. Discovery & Entry

- **Landing Page Exploration:** The user starts at the landing page to view gym statistics, such as the **2,500+** active members and **15** expert trainers.
- **Feature Review:** Guests browse the "Everything You Need to Dominate" section to understand services like **24/7 Access** and **Personal Training**.

2. Registration & Plan Selection

- **Account Creation:** The user navigates to the registration page to input personal data, including their **First Name**, **Last Name**, and **Phone Number**.
- **Power Level Selection:** During registration, the user must select a membership tier, such as **Basic (Rp 100k)**, **Silver (Rp 300k)**, **Gold (Rp 800k)**, or **Platinum Annual (Rp 4.5M)**.

3. Membership Activation (Payment)

- **Order Summary:** After selecting a plan, the user reviews their order total (e.g., **Rp 4.500.000** for Platinum).
- **Payment Submission:** The user chooses a payment method, such as **Credit Card**, **Debit Card**, or **Bank Transfer**, and submits the transaction.
- **Pending Status:** The system displays a "Payment Submitted!" screen, notifying the user that their membership will be activated once confirmed by an admin.

4. Active Engagement

- **Personal Dashboard:** Once activated, the member accesses a dashboard showing their **Upcoming Classes** and current **Membership Status**.
- **Class Booking:** Members browse the "Browse Classes" section to filter and book specific sessions like **HIIT Blast**, **Powerlifting Basics**, or **Pilates Core**.

- **Profile Management:** Users can update their profile information and upload a profile photo through the member portal.

2. Admin Role Flow

The admin flow focuses on high-level management, financial oversight, and resource allocation to keep gym operations running smoothly.

1. Oversight & Analytics

- **Secure Authentication:** The admin logs in via a dedicated admin sign-in portal.
- **Dashboard Review:** Upon login, the admin reviews a high-level summary of business health, including **Total Revenue**, **Active Memberships**, and **Upcoming Classes**.
- **Revenue Tracking:** Admins monitor the "Revenue Last Month" chart to track financial growth trends.

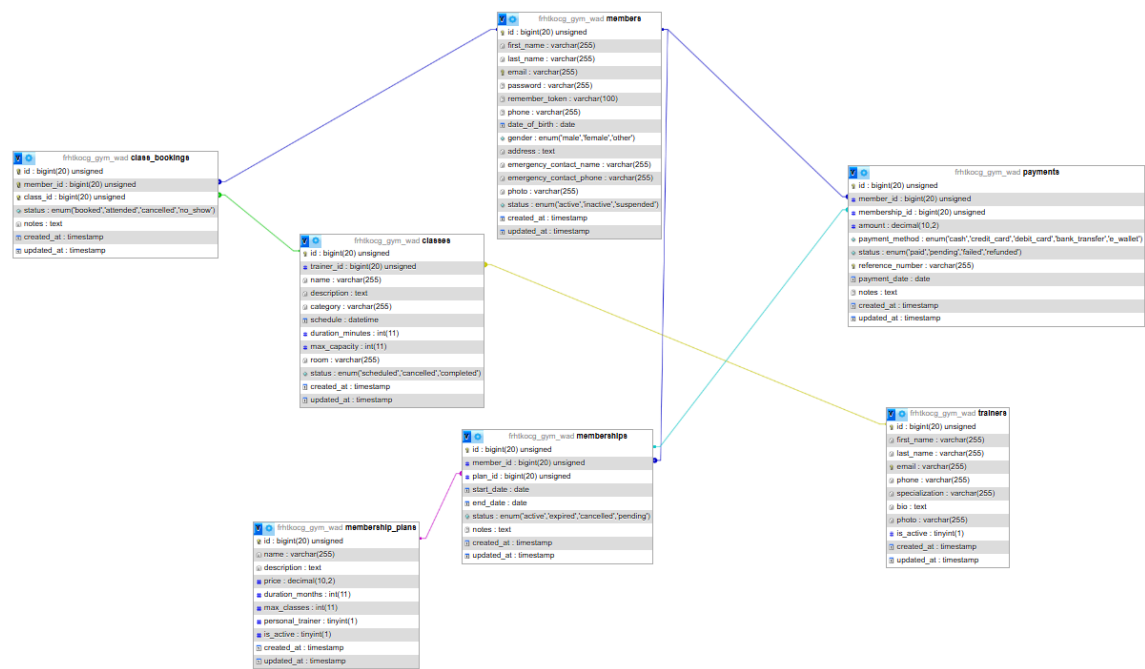

2. Financial Reconciliation

- **Payment Checking:** The admin navigates to the **Payments** module to view a list of all member transactions.
- **Transaction Verification:** Admins review pending payments, checking the **Reference ID**, **Amount**, and **Method**.
- **Status Update:** The admin manually updates the payment status to **Success** or **Failed** to activate or restrict member access.

3. User & Resource Management

- **Member Management:** Admins utilize the **Members** section to view, edit, or remove member accounts.
- **Trainer & Class Coordination:** The admin manages the gym's physical resources by creating and scheduling classes and assigning them to specific trainers.
- **Plan Configuration:** Administrators can update membership plan details, pricing, and features through the **Membership Plans** management interface.

Member PortalAdmin

Role:

- Admin
- Customer

Customer role:

1. Register new customer

The screenshot shows a web browser at the URL `kelarin.my.id/member/register`. The page is titled "FitLife Gym" and has a "Back to Login" button. The registration form is divided into several sections:

- PERSONAL INFORMATION:** Includes fields for First Name, Last Name, Email Address, Phone Number, Date of Birth, and Gender.
- ACCOUNT SECURITY:** Includes fields for Password and Confirm Password.
- CHOOSE A MEMBERSHIP PLAN (OPTIONAL):** Displays four plans: Basic (Rp 150.000), Silver (Rp 300.000), Gold (Rp 500.000), and Platinum Annual (Rp 4.500.000). Each plan includes details about the number of classes and access to gym facilities.
- Footer:** Includes a link to "Already have an account? [Sign In](#)" and a "Create Account" button.

2. User Dashboard

The screenshot shows the user dashboard for a customer named "custi". The dashboard includes a welcome message, a summary of activity, and several key metrics:

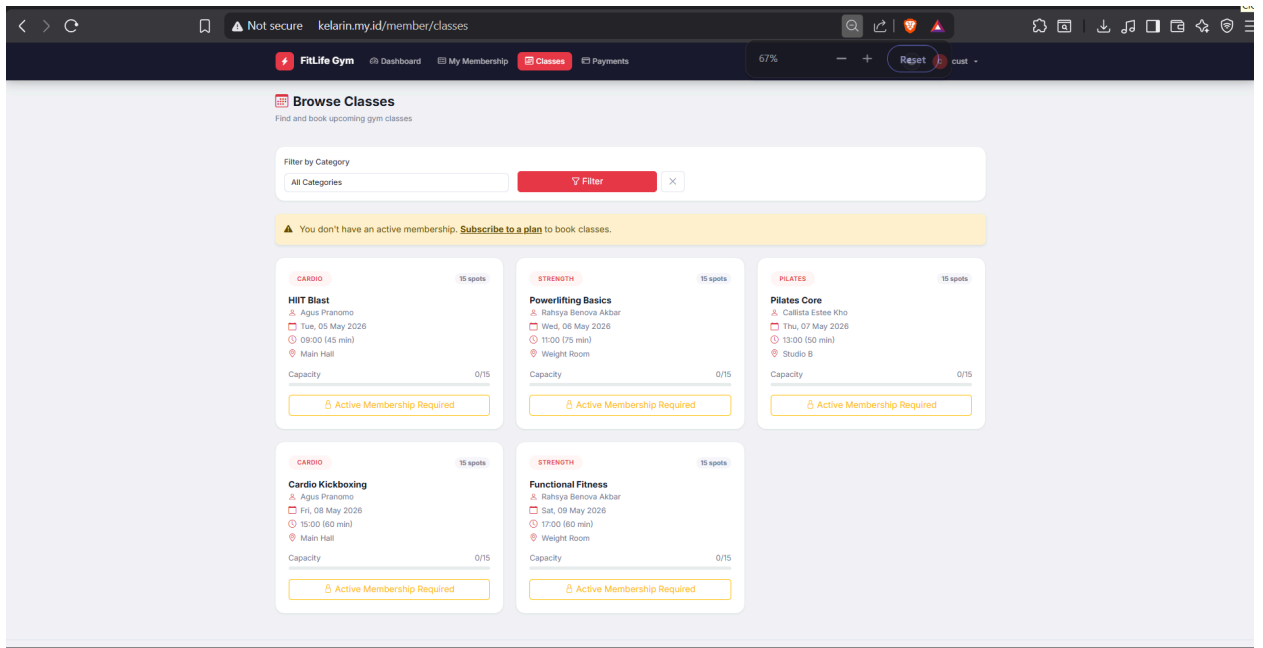

- Welcome, custi!** Here's a summary of your gym activity.
- Membership:** No active membership. [Get a Plan](#)
- Upcoming Classes:** 0 Upcoming Classes. [Booked & confirmed](#)
- Classes Attended:** 0 Classes Attended. [All time](#)
- Payments:** Rp 0K Total Paid. [0 payments](#)
- My Upcoming Classes:** No upcoming classes booked. [Browse classes](#)
- Available Classes:** [View All](#)

The available classes list includes:

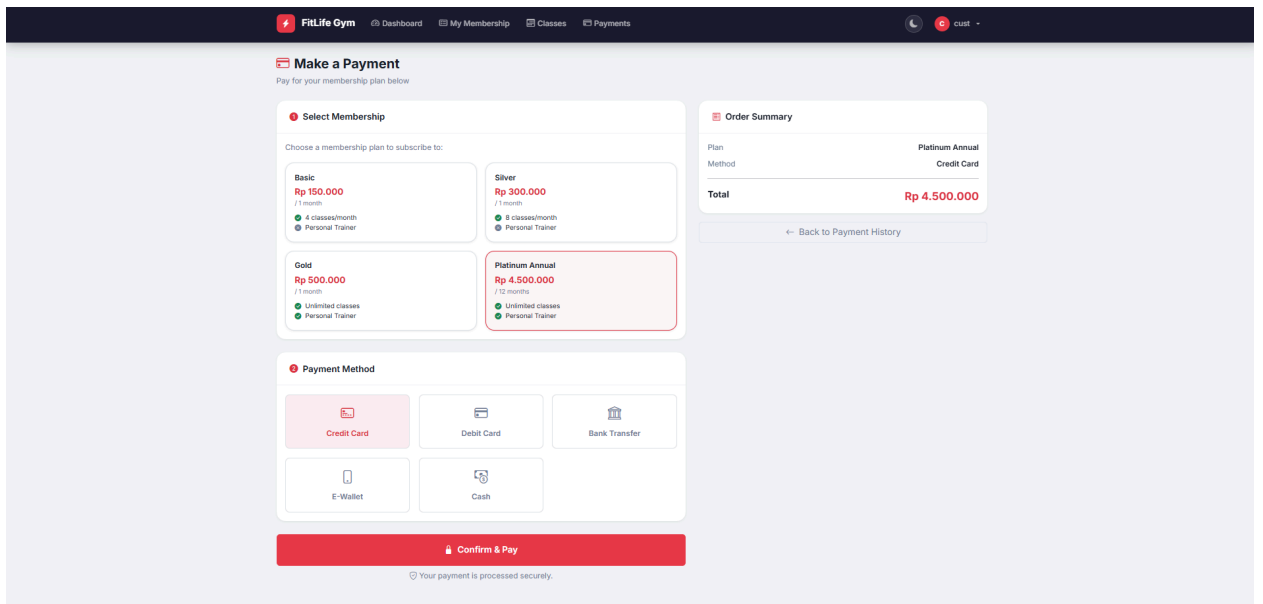

- 05 HIIT Blast (Cardio - 05:00 - 15 spots left) [No Plan](#)
- 06 Powerlifting Basics (Strength - 10:00 - 15 spots left) [No Plan](#)
- 07 Pilates Core (Pilates - 10:00 - 15 spots left) [No Plan](#)
- 08 Cardio Kickboxing (Cardio - 10:00 - 15 spots left) [No Plan](#)
- 09 Functional Fitness (Strength - 10:00 - 15 spots left) [No Plan](#)
